ORDINANCE NO. 625

AN ORDINANCE AMENDING CHAPTER 1 OF  
TITLE 8 OF THE CORCORAN MUNICIPAL CODE  
OUTLINING WATER CONSERVATION STAGES  
AND PROHIBITING WATER WASTE.

THE CITY COUNCIL OF THE CITY OF CORCORAN DOES ORDAIN AS  
FOLLOWS:

**Section 1. SHORT TITLE.** This ordinance shall be known as the “Water Conservation Ordinance”.

**Section 2. PURPOSE.** The provisions of this ordinance are intended to define water conservation measures that may be implemented by the City of Corcoran (“City”) in order to prevent water waste during times when water supplies are limited.

**Section 3. CODE ADOPTION.** The amendments to Chapter 1 of Title 8 is hereby enacted and shall read as follows:

**8-1-1: PURPOSE:**

The City of Corcoran promotes water conservation and sustainable water use. It is the purpose and intent of this Chapter to minimize outdoor water use, control unnecessary consumption of the available potable water supply of the City, and enforce regulatory requirements related to water use.

**8-1-2: AUTHORIZATION:**

The City Manager, with subsequent approval by the City Council, is hereby authorized and directed to implement the applicable provisions of this Chapter upon his determination that such implementation is necessary to protect the public welfare and safety.

**8-1-3: APPLICATION:**

The provisions of this Chapter shall apply to all persons, customers and properties within the service area of the City domestic water system. If in the event that mandatory reductions are imposed on the City, either as an overall percentage reduction or as a reduction in per capita water consumption, said restrictions shall apply to all applicable water customers including the State correctional facilities located in Corcoran.

**8-1-4: PROHIBITION OF WATER WASTE:**

It shall be unlawful for any person to, in any manner, waste water supplied by the City. If

the City Manager determines a water user receiving water from the City domestic water system is permitting water to be wasted, the City Manager may require the property owner and/or water user, at their own expense, to install a water meter and backflow prevention device upon the premises occupied by the water user and thereafter charge the property for water service at the rate established. The following uses of water are defined as a waste of water and are thereby prohibited:

- A. Irrigation: The use of domestic water which allows water to run off the premises or onto other areas of the premises not requiring irrigation. Every water user is deemed to have his/her water distribution lines and facilities under control at all times and know the manner and extent of his/her water use and excess runoff.
- B. Leaks: Excessive use, loss or escape of water through breaks, leaks or malfunctions in the water user's plumbing, distribution facilities, and outdoor irrigation system for any period of time after such escaped water should reasonably have been discovered and corrected. It shall be presumed that a period of forty eight (48) hours after discovery is a reasonable time within which to correct such leak or break.

**8-1-5: OUTDOOR WATER USE, WATER CONSERVATION STAGES:**

No one within the domestic water system of the City shall knowingly make, cause, use or permit the use of domestic water for residential, commercial, industrial, governmental or any other purpose in a manner contrary to the provisions of this Chapter or in an amount in excess of that use permitted by the water conservation stage in effect pursuant to action taken by the City Manager in accordance with provisions of this Chapter:

- A. The following restrictions shall apply to all persons year-round unless and until public notification of implementation of a specified water conservation stage.

Exception: Commercial nurseries are exempt from this provision but will be requested to curtail all nonessential water use.

2. The washing of automobiles, trucks, trailers, boats, airplanes and other types of vehicles, building exteriors, sidewalks, driveways, parking areas, courts, patios and other paved areas is permitted only when using a hand held hose equipped with a positive shut-off nozzle for quick rinses.

4. The washing of vehicles, building exteriors, photovoltaic systems, equipment and other similar activities by mobile vendors or contractors as part of their business activities is permitted only when using a low volume pressure washer.

E. The City may implement additional water conservation measures during any of the outlined water conservation stages and/or create additional water conservation stages in order to comply with State mandates or the directives of other regulatory agencies. Upon adoption of a resolution by Council and publication of notice, initiatives, State mandates and/or regulations shall apply to all relevant water users.

#### **8-1-7: VIOLATIONS; ENFORCEMENT:**

Every violation determined to be an infraction may be punishable by citation as provided in Title 1 Chapter 11 of the Municipal Code. **Section 6.** SEVERABILITY. If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this ordinance, or its application to any person or circumstance, is for any reason held to be invalid or unenforceable, such invalidity or unenforceability shall not affect the validity or enforceability of the remaining sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases of this ordinance, or its application to any other person or circumstance. The City Council of the City of Corcoran hereby declares that it would have adopted each section, subsection, subdivision, paragraph, sentence, clause or phrase hereof, irrespective of the fact that any one or more other sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases hereof be declared invalid or unenforceable.

**Section 7.** CONSTRUCTION. To the extent the provisions of the Corcoran Municipal Code as amended by this ordinance are substantially the same as provisions in the Corcoran Municipal Code existing prior to the effectiveness of this ordinance, then those amended provisions shall be construed as continuations of the earlier provisions and not as new enactments.

**MEMORANDUM**

**TO:** City Council

**FROM:** Kindon Meik, City Manager

**DATE:** May 20, 2015

**MEETING DATE:** May 26, 2015

**SUBJECT:** Consider Resolution No. 2778 implementing Water Conservation Stage 2

**Recommendation:**

Staff requests approval of Resolution No. 2778 authorizing the implementation of Water Conservation Stage 2 and a two-day outdoor irrigation schedule.

**Discussion:**

In anticipation of the continued drought and in order to meet the water use reduction quota mandated by the State, the Council provided input on amending the language in Chapter 1 of Title 8 of the Municipal Code. The revisions to the Code are outlined in Ordinance No. 625.

As stipulated in Section 8-1-5 of the Code, the Council may implement a Water Conservation Stage and proscribe an outdoor irrigation schedule for water customers. Resolution No. 2778 approves the implementation of Water Conservation Stage 2 and adopts a two-day watering schedule.

**Budget Impact:**

Lower water consumption as a result of a two-day watering schedule will likely cause a slight reduction in revenues in the water fund. The full extent of this reduction is unknown at this time, however, it is anticipated that a change in revenues will be offset in lower production and operation costs.
