**ADDENDUM NO. 1**  
**2018 Road Maintenance Project**  
**2018-005**

Section One, General Provisions, Section 1.20 Test, has been modified to now read:

1.20 Test

The Contractor will be required to test and furnish test results for any and all materials used, as the Engineer may deem necessary or as specified in the technical specifications to assure the acceptability of said materials, in accordance with accepted testing procedures for the specific material uses.

All other items of the original documents are unchanged.

Please call Orfil Muniz, PE at 559-429-4747 for questions concerning this addendum.
